

SANTA ANA RIVER BENEFICIAL USE SURVEY PLAN

1. Survey locations will be surveyed every weekend during the study period alternating between Saturdays and Sundays (see Attachment 1 Survey Schedule).
2. Survey locations will be surveyed at least once during the middle of the week (Tuesday, Wednesday, or Thursday) every week throughout the dry season (May through September) during the study period (see Attachment 1 Survey Schedule).
3. Survey locations will be surveyed at least once during the middle of the week (Tuesday, Wednesday, or Thursday) every month throughout the wet season (October through April) during the study period (see Attachment 1 Survey Schedule).
4. The survey study period will begin June 17, 2003 and end June 16, 2004 (see Attachment 1 Survey Schedule).
5. In addition to the days identified above, survey locations will be surveyed on Friday 7–4–03 (Independence Day), Monday 9–1–03 (Labor Day), Wednesday 5–5–04 (Cinco de Mayo), and Monday 5–31–04 (Memorial Day) (Attachment 1 Survey Schedule).
6. Survey locations will be surveyed at some time between 11am and 3pm.
7. Survey teams will include at least two people at all times.
8. Survey locations will include all sites listed on Attachment 2.
9. Survey form in Attachment 3 will be used for noting observations. See accompanying Instructions for completing SARBUS Form
10. Completed survey forms will be collected once a month.
